BOLTON ORCHARD HEATER

The Bolton Orchard Heater is the result of many years of experiment and experience. Today it stands **without a peer**. It pioneered and blazed the way to fortune for many a disheartened grower. With its simple devices for perfecting and regulating combustion, for deflecting the flame and for the gathering and burning of soot, it has reached the highest state of efficiency and practicability.

The Bolton Orchard Heater has an almost perfect combustion, and on a filling of oil will generate as great a heat as is possible in an open burning pot. Many authorities contend that smoke is of benefit, and we agree inasmuch as the smoke acts as a blanket and retains the heat, and at sunrise prevents immediate thaw. No oil-consuming device of the open type can be operated **without** creating ample smoke for the purpose necessary, but the vital element is the heat immediately generated to hold the temperature at the point of safety against a sudden fall.

We have a large supply of these Heaters on hand. Our prices are Factory Prices.

HARDWARE AND PLUMBING

Campbell Lumber Co.
W. T. MORTON, Prop.
PHONE 13L

The Ernest Barron family has moved to their new home on Los Gatos road

Courtland Watson, who underwent an operation Monday is reported as doing very well.

A. V. McCarty is sporting about in a spanking new 1920 Stephens as a result of good prune prices.

Mr. and Mrs. W. G. Drew were down from San Francisco Sunday, as guests of their aunt, Mrs. Minnie Lewis.

Louis Williams has passed his examination as machinist mate, second class, in the navy, and we are proud of him for he has made rapid progress since his enlistment. He is now stationed at North Island, San Diego.

The P. T. A. of Cambrian school will meet Friday evening, February 13. A district meeting will be held at the same time for the purpose of discussing ways to provide more school facilities. All members and friends are urged to be present.

OLD SETTLERS' DAY PROGRAM PLANNED

CAMPBELL'S ANNUAL GALA DAY, FEBRUARY 21.

The Old Settles' Day program has practically been arranged for, and only a few minor details are to be completed. The committee has set the hour of commencing the day's activities at 10 o'clock A. M.

Music	Grammar School Band.
Star Spangled Banner	Audience.
Invocation	Rev. R. L. Preston
Address of Welcome	Mr. G. S. Robson, Chairman
Music	Messrs. Halamicek & Kalas
Address	Dr. Edward L. Parsons
Demobilization of Campbell Flag	War Work Council Service Rev. W. E. Eckles
Salute	Firing Squad
America	Audience

Afternoon program at 1:30.

Address	
Solo	Miss Marie Page
Reading	
Music	High School Girls' Glee Miss Ruth Lloyd, Director

Base Ball Game, 2:00 P. M.
Basket Ball Game, 3:30 P. M.

Busy Club Session

At the regular meeting of the Campbell Improvement Club some important matters were up for consideration. The lighting committee made its report, and after some discussion the sense of the meeting was to give the committee power to act in planning the lighting district limits, circulating a petition to the supervisors and advertising for a special election.

The boundaries suggested were Hamilton avenue, Johnson avenue, Dry Creek, Sunnyside and Santa Clara road. At a mass meeting of all property holders concerned, the boundary would be fixed and the election called on that basis. Those outlying districts who did not wish to be included would have the opportunity of withdrawing at the mass-meeting.

G. S. Robson reported that J. C. Ainsley had secured five memberships in the San Jose Chamber of Commerce for Campbell Improvement Club, and on motion it was decided that the president and secretary, with three others appointed by the president, be granted such memberships. Mr. Robson also told of the housing problem in this country as heard at a San Jose meeting. The average home shortage is about 20-per cent. and the problem is one to be solved by each section as befits its needs.

Geo. Page gave a very comprehensive talk on the water problem and its serious phases, particularly as it concerns Campbell and this part of the valley. Jas. Turner and R. H. Hyde spoke of several specific cases of the waning water supply, and after some discussion, on motion the above named gentlemen and W. S. Shelley were appointed a committee to investigate ways and means of insuring a supply for this community.

Mr. Hyde assured the club that Campbell would be supplied from the San Jose Water Company's main at East Campbell avenue, if the emergency demanded. Also that the local water company would install a new and separate well in order that shou'd anything happen to the present pumping plant the town and canneries would not be without water.

On motion, the members of the fire company were made honorary members of the Club. The present membership is 43, beside the fire boys.

H. W. Higbie, at the suggestion of E. G. Lanz, made a sketch of a prospective new station between the S. P. and the electric tracks on Campbell avenue. A vote of thanks was given Mr. Higbie and the matter was carried over to the next meeting owing to the late hour. This sketch is now on display at the Press office and is causing much favorable comment.

Mr. and Mrs. J. H. Isham arrived last week from San Francisco, and are staying with Mrs. Minnie Lewis. They have come back to stay, as many do who have had a taste of this bonnie clime.

Mr. and Mrs. C. S. Inman will be at home to their friends of Campbell and community, Saturday afternoon, February 21, between the hours of two and five o'clock, the occasion being their golden wedding anniversary. No presents.

Pupils Enthusiastic Over School Clubs

C. E. York, agriculture director in the rural schools of this part of Santa Clara county, has aroused no small amount of enthusiasm among the pupils as evinced by their club work. Already there are nine clubs organized, with four others on the way. The organized clubs are in the Campbell High school, Cambrian, Pioneer, Valley View, Union, Meridian, Saratoga, Cupertino union and San Tomas districts. Campbell, Hamilton, Lincoln and Willow Glen to be organized soon. The completed clubs number 63 pupils, and the cards yet to be turned in will probably bring this number to 100.

Those in the various clubs are:

Pig Club:—Donald Feathers, Harold Hyde, Walter Harriman, Oliver Jenson, Kenneth Knoff, Burton Millard, Mabel Wiesendanger, Harold Gardner, Merle Gardner, Irving Townsend, William Rarizza and Eorn Tomada.

Chick Club:—Francis Bricmont, Dorothy Martin, Donna Snapp, Helen Hiatt, Marie Flammati, Harold Gardner, Merle Gardner, Leonard Guldman, A. R. Matteson, Maurice Luce, Zelda Reab, June Allison, Ida Ferro, Gerald Rhodes, Loyal Flood, Antonette Conforte, Mary Conforle, Ada Elvery, Theo. Knuts, Mervin Stark, Joe Ladner, Douglas Thorne, Antone Ruscigno, Joe Vierra, Evelyn Cooney, Russell Millard, John Walsh and Norbert Pfeiffer.

Potato Club:—David Price and Mark Smith.

Rabbit Club:—Leslie Driesback, James Flammati, Harold Shelley, Sonvill Bryant, Helen Luce, Maxine Luce, Merle Rhodes, Robert Feathers, David Dick, Arthur Muasson, Andrea Bell, Albert Atherton and Claude Jorgensen.

Tomato Club:—Earl Malech, John Mancuse and Norbert Pfeiffer.

Duck Club:—Ralph Fitzgerald.

Goose Club:—Gerald Rhodes.

Bee Club:—Claude Jorgensen.

At the close of the season each pupil will write an essay telling of his work and methods, his success or failures, which may aid him in future study and production. The principal idea is to instill the boys and girls with interest in agricultural pursuits, and teach them to prefer rural to city life.

Mr. York said he had very little trouble in interesting the young people, but it is quite a different matter to get the parents to enthuse over the plan. In some instances the parents have even changed their minds, thereby disappointing the child.

The Gospel of Thrift Dispels Worry.

Mr. and Mrs. H. S. Patten, of Spokane, Washington, arrived Tuesday for a week's visit with Mr. Patten's sister, Mrs. P. Arnott, and family. This is the first reunion that Mr. Patten and his sister have enjoyed in thirty-five years, and they are having a wonderful visit.

Mrs. Ethel Strange, who has been Campbell's community nurse, until last Friday, on part time, has accepted a similar position in Los Gatos to serve full time, being hired by the school board and Red Cross. Her place here is being taken by Miss Augusta Valliant.

Bright Stars IN THE Grocery Firmament

Half the price of butter--Nucoa nut margarine---cheaper than butter because coconuts are more plentiful than cows.

Candy--new stock of **Peanut Brittle** and of **Peanut Crumbles.** "M-m-m-my, but they're good!"

Good health in **Kellogg's Krumbled Bran---** a prescription that your grocer can fill for 20c.

Advice that should be heeded: Don't buy too many **Sunical Olives** at a time--once started, you can't stop until the last one is gone.

BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

SCOUTS EMBODY BEST IDEALS

"During my four years in Germany," says James W. Gerard, former American ambassador, "I saw much of the child life of that country. The children were paraded through the streets singing their songs of hate. In the schools they were taught a deliberate perversion of history. For instance: The Fatherland did not wish to injure the Belgians, but the wicked Belgians promised to allow our troops to pass through their country and then attacked them."

How different are the methods that are used to bring out the best in the childhood of this, our own country! While the Germans had organizations which were intended to develop hatred and like passions in the hearts of the young, we have the Boy Scouts of America. This splendid organization well illustrates the difference in ideals between the two countries. In the Boy Scouts the boy subscribes to an oath to be true to himself and his country and to keep himself morally and physically fit at all times. He also pledges himself to "do a good turn daily."

The boy is taught woodcraft and many other useful things. He participates in big public functions and civic ceremonials. From the very first he is led into the higher citizenship.

PRISONERS AID SCOUT PLAN.

Through the gray of the granite walls that shut away the inmates of the Minnesota state prison from the rest of the world came this little story which shows that "stone walls do not a prison make nor iron bars a cage."

In the office of George D. Pratt, treasurer of the National Council, Boy Scouts of America, New York, a letter arrived from Stillwater—a letter containing $28.50, "in payment of the following applications for associate membership in the National Council of the Boy Scouts of America."

Daniel Blue, Frank Meyers, Joseph Kelly, Charles Kramer, J. W. Schwartz, George Olson, Jacob Red Bird, N. A. Burke, August Ruther—all prisoners.

Far removed from the blue skies and running streams and long, winding roads that perhaps they themselves had trod in their boyhood, they looked back through the years, at the what-might-have-been, at the different lives they might have led had they been shown differently, and "came across" that other boys might have a fighting chance.

SCOUTS URGE AMERICANIZATION.

The executive board of the Boy Scouts of America has decided to strengthen its program for citizenship training in order that even a greater emphasis than before would be placed upon developing patriotism and Americanization.

It was also agreed that special effort would be made to develop a program for older boys, affording them an opportunity to "learn by doing," in preparing for citizenship responsibilities.

The executive board meeting was attended by Messrs. Walter W. Head, of Omaha; John M. Phillips, of Pittsburgh; George D. Porter, of Philadelphia; Alfred W. Dater, of Stamford; Hon. James J. Storrow, of Boston; Charles P. Neill and Colin H. Livingstone, of Washington, D. C.; Mr. Daniel Carter Beard, of Flushing; John Sherman Hoyt, George D. Pratt, Lieut. Col. Theodore Roosevelt, Jeremiah W. Jenks and James E. West, of New York City.

Mortimer L. Schiff was selected as the representative of the Boy Scouts of America on the International Scout committee.

SPOKANE SCOUTS AS FIREMEN.

At a meeting of the fire prevention and fire insurance committee of the chamber of commerce in Spokane, Wash., it was decided to perfect a permanent organization to be known as the Spokane Scout Firemen.

The organization will consist of Boy Scouts who have passed certain examinations on fire prevention. Fire Chief A. L. Weeks will be ex-officio chief of the organization.

Deputy State Fire Marshal Groce stated at the meeting that he cited the boy scout fire organization as an example and incentive on his visit to other states and towns in the state. He had slides made of the Spokane scout fire exercises to induce other cities to follow Spokane's lead.

Truth and Poetry

"You should keep to the straight and narrow path."

"True," said Mr. Chuggins, with great earnestness. "That journey of life, like every other journey, seems to be at its worst in the detours."—Washington Star.

EDWARD RIPLEY, R. R. OFFICIAL, DIES

Was Born in Massachusetts, Began as Clerk and Had Meteoric Rise to President of System

Santa Barbara.—As the result of two operations performed in Chicago last September, Edward P. Ripley, chairman of the board of directors of the Santa Fe Railway and former president of that road, died at his home here, 229 East Pedregosa street, at 4 o'clock p. m., February 4. Ripley, accompanied by Mrs. Ripley, arrived in Santa Barbara from Chicago December 11 for the purpose of recuperating.

Ripley's illness took a serious turn one week ago. At the time of death Mrs. Ripley and their daughter and son-in-law, Mr. and Mrs. S. M. Coe, were with him.

For several years Ripley had been a director of the Santa Barabara Chamber of Commerce, and was a member of several Eastern clubs, as well as a member of the California Club at Los Angeles and the Santa Barabara Club. He was one of the best known railroad officials in the country. He entered the railroad business when he was 21, as a clerk in the freight department of the Boston office of the Pennsylvania Railroad. In 1870 he became a clerk in the Boston office of the Chicago, Burlington and Quincy Railroad and two years later he was made the New England freight and passenger agent of the company.

In 1876 he was appointed general eastern agent of the company for the territory east of Buffalo. Eleven ears later the office of traffic manager was created and Ripley was appointed to fill it. He then moved to Chicago.

In 1888 he was made general manager of the Chicago, Burlington and Quincy Railroad. June 1, 1890, he resigned to become third vice-president of the Chicago, Milwaukee and St. Paul Railroad. He resigned January 1, 1896, to become president of the Santa Fe system, a position he held for many years. At one time he was a director in fifteen railroad companies.

He was born in Dorchester, Mass., October 30, 1845, and came from an old New England family. He married Frances E. Harding of Dorchester, Mass, October 4, 1871, and four children were the result of the union. Alice H., Francis P., Robert H. and Frederick G.

CHURCH LEADER, BANK LOOTER, A SUICIDE

Speculation in Oil Leases Wrecks Missouri Man's Fortune

Harrisonville, Mo.—The suicide in Kansas City of Abraham Lincoln Burney, president of the Bank of Harrisonville, Mo., and former leader in the Presbyterian church here, has revealed a shortage in his accounts which, it is estimated, may aggregate $100,000 or more.

He is said to have lost most of the money in speculation in Oklahoma and Texas oil leases. A recent investment of $30,000 in leases that proved worthless is believed to have urged him on in his desire to end it all.

To cover his defalcation, Burney had deeded all his property to the bank and left only his insurance to his family.

Before he took poison in a Kansas City hotel, Burney telephoned to an assistant in the bank here, telling him to open a safety deposit box and deliver the messages in it. The box held letters to the bank directors, confessing embezzlements of forged notes and naming complete a list of them, it is said.

The bank is in the hands of the State Bank Examiner.

Suspicions were aroused several months ago when the official statement of the bank, which is the largest in Cass county, showed an unusually large amount of loans, whereas there did not appear to be a like demand for money on other banks.

THIRTY-SIX BANKS IN STATE LATE ON TAX

Sacramento.—Thirty-six banks were delinquent this year in paying their state corporation tax, Controller John S. Chambers announced. If these taxes are not paid by February 28, license to do business is automatically suspended. Corporation franchise taxes totaling $10,354,265.67 have been collected for the year, Chambers said, including $3454 in penalties.

HUSBAND REFUSES TO SLEEP WITH WIFE—GETS DIVORCE

Los Angeles.—The refusal of a husband to permit his wife to occupy a common bed with him or to sleep in the same room was held valid cause for divorce, in an opinion announced by the District Court of Appeals here in the case of Leafie Brewthauer against Frederick W. Brewthauer. The opinion reversed a contrary ruling by the Superior Court, which tried the case.

Golden State News

TERSELY TOLD

San Francisco.—During an argument over money matters with Gustav Molakidis, president of the North Star Laundry, Nicolas Spiro, a laundry wagon driver, struck his head on the pavement in front of the laundry offices at 3314 Army street and was killed.

Grass Valley.—William Vincent, 8 years old, had to be chloroformed and a surgical operation performed before he could be released from an iron picket fence on which he was impaled. More than half an hour elapsed between the time of the accident and his release. The picket penetrated the muscles of his right hand.

San Jose. — Announcement was made here of the marriage of Mrs. Edwin Sidney Williams, widow of the founder of the Saratoga blossom festival, to Mr. Mayer, formerly a San Francisco newspaper man. Mrs. Williams made the announcement in letters to friends. She is the daughter of the late Bishop Edward Fallows of Chicago, famous as a churchman all over the United States.

Grass Valley. — Miss Margaret Dunn, a former Grass Valley girl, who served during the war as a Red Cross nurse, has become a bride as the result of a war-time romance. While serving in a hospital, Miss Dunn met Charles D. Evans of Fresno, who was attached to the hospital corps, and by the time the war ended they had become engaged. The couple were married in Sacramento and have gone to Fresno, where Evans has entered business.

Los Angeles.—The case of William O. Jenkins, American Consul at Puebla, Mex., who is charged by the Carranza government with conniving with bandits for his own abduction, probably will go on trial in the Mexican federal court this week, according to a letter from him received by his daughter, Miss Elizabeth Jenkins, who resides here. The Mexican authorities have refused to divulge the exact date of the trial, the letter said.

San Rafael.—In a statement made to Under-Sheriff Frank Sherman, Albert Barton, held here on a charge of robbing the residence of Louis Bearwald, confessed to the $10,000 robbery some years ago of the home of Captain William Matson in San Francisco. Barton said he was used as a "cat's-paw" by his two companions, who took all the money and escaped. Barton was convicted and served five years in Folsom prison. He was released eight months ago.

Watsonville.—Watsonville's famous "Apple Annual" may be revived following the reorganization of the Pajaro Valley Chamber of Commerce. Watsonville and vicinity has been without a Chamber of Commerce for four years, but as a result of a campaign among business men and apple growers it has been brought back to life. A campaign will begin in a few days for the enlistment of a membership of 500.

Watsonville.—Watsonville soon will be connected with the State highway by a paved concrete road, as a result of the action of the Santa Cruz County Board of Supervisors in calling for bids on this stretch of road. The road at the present time is in such bad condition that Watsonville is almost isolated from automobile traffic. The highway connecting Santa Cruz and Watsonville will also soon be paved, the Supervisors having called for bids on six and a half miles of highway west from Watsonville.

San Francisco.—The San Francisco Bar Association has decided to take an active part in ridding the legal profession of the city of all undesirable members. This will be done regardless of the present Grand Jury probe into corrupt Police Court practices. At the meeting of the board of governors yesterday it was voted to institute immediately disbarment proceedings against Attorneys C. Vincent Ricciardi, convicted of embezzling $1000 intrusted to him by a client; Russell Cantrell, charged by clients before the association with appropriating their money; Raymond W. Ryder, chargerd with a similar offense, and Daniel O'Connell, convicted of violating the espionage act.

SUGAR PROFITEERS CONVICTED IN L. A.

Los Angeles.—A jury in the Federal Court here returned verdicts of guilty in the cases of E. Blumenthal and E. L. Lipschutz, charged with conspiring to exact excessive prices in connection with the purchase and resale of 30,000 pounds of sugar and of profiteering through selling for 18 cents a pound sugar they had purchased for 11 cents, in violation of the Lever act. J. Goldberg and F. S. Chandler were acquitted.

The Los Angeles Federal fair price committee decided that a profit of 90 cents on 100 pounds of sugar allowed a fair margin of profit to the wholesaler and that the retailer's profit should not exceed $1.90 a hundredweight.

This means, according to W. B. Beirne, executive secretary of the local fair price committee that retailers will not be permitted to charge for cane sugar more than 17½ or 18 cents a pound, the present prices. These margins are based on the price of $15 a hundredweight to the wholesaler recently announced by San Francisco refiners of Hawaiiian sugar.

HATHEWAY'S DEATH DUE TO ACCIDENT

Coroner's Jury Announces Verdict; Accounts of Dead Man Fail to Show Any Cause for Suicide

San Francisco.—Vallejo is mystified by the sudden death of City Treasurer Noah Hatheway, thirty-eight-year-old bachelor, one of Vallejo's popular men, who was killed by a bullet from his own revolver, Thursday night, February 5.

A Coroner's jury after an inquest brought in a verdict that death was caused by a gunshot wound from a weapon accidentally discharged.

The wound was inflicted by a hammerless revolver—a type that requires a trigger pull and additional pressure on the safety lever to discharge it—and but one cartridge was in the weapon, which was of .38 caliber. Those who lean toward the theory of suicide find themselves balked in casting about for a reason.

Hatheway's friends deny he was made despondent by criticism of the office hours he maintained as City Treasurer, that came from the Town Trustees the morning of his death. An appropriation permitting the Treasurer to hire Miss Helen Hatheway, a niece, as his assistant, gave out last week and Miss Hatheway left Tuesday night, February 3, for another position at the Mare Island Navy Yard. The office had no other employes. Wednesday and Thursday the Treasurer's office was locked up. Taxpayers who tried to leave their money at the office complained at the meeting of the Trustees, Thursday morning.

Acting Mayor G. A. Bergwall directed Trustee R. O. Pierce to take the matter up with Hatheway in an effort to have the Treasurer maintain stated office hours. Pierce did not see Hatheway and the Treasurer's friends say he never learned of this incident.

It is also denied that Hatheway had had trouble with his younger brother Gerard, lately discharged from the Navy.

VIRGINIA REJECTS THE SUFFFAGE AMENDMENT

Richmond, Va.—The State rejected the federal suffrage amendment by a vote of 24 to 10. The action followed an all-day session marked by stormy debate. This makes the second defeat the suffrage question has suffered in the Virginia legislature.

ONLY 1389 INFLUENZA CASES IN CALIFORNIA

Doctors', Druggists' and Undertakers' Harvest Light

Sacramento.—Influenza cases reported to the State Board of Health for the twenty-four hours ending Thursday midnight, February 5, were only 1385 and 39 deaths. Los Angeles headed the list with 417 cases, San Francisco 310, Oakland 229, Sacramento 51, Stockton 29 and Fresno 35.

San Francisco.—A substantial drop in influenza figures occurred February 6, it was announced at the Board of Health. The cases reported for twenty-four hours ending at 4:30 p. m. were 214 and the deaths 6, as against 301 cases and 11 deaths the previous day.

Nurses who will report for duty as visiting nurses will be registered free of charge at the San Francisco Nurses Central Directory. This emergency measure includes practical as well as graduate nurses. Women desiring service with the Red Cross will be referred to the department of nursing at Pacific division headquarters.

A special effort is being made to secure nurses who saw service in France.

TOLL OF THE SANDS

A Western Novel by Paul DeLaney That You Will Enjoy Reading

This is a real story of the gold rush into the Nevada Desert. Mr. DeLaney knows what he writes about. He lived it. He saw it. And he tells it in a way that grips the reader in the first few sentences and retains the grip of interest and wonder and admiration until the end—a story of the West, our West that we too love and cherish and shall never forget.

Price $1.75. Order from Smith Brooks Company or the author, in Denver, Colorado.

OIL PRODUCTS CURE 48 HAWAIIAN LEPERS

Honolulu.—Forty-eight persons in Hawaii, afflicted with leprosy, were cured during 1919, according to the statement of Dr. J. T. McDonald, attending physician at the Kalihi Leprosy Investigation Station here.

The products used in treating the disease, said Dr. McDonald, are refined from a vegetable oil by Dr. A. L. Dean of the College of Hawaii. The surgeon general at Washington has asked for a detailed description of the work for publication in the United States Health Report, and this is now being prepared.

"SAVE MY BABY!" CRY OF MOTHER

Tosses Child to Pavement as the Oakland Electric Train Bears Down on Woman

San Francisco.—After throwing her three-month-old baby girl to safety, Mrs. Richard Mansfield, 2230 Eighty-fourth avenue, Oakland, was instantly killed Friday night, February 6, when she was struck by a Southern Pacific electric train at Havenscourt station, Oakland.

Mrs. Mansfield was standing on an eastbound car track talking to Carl B. Pineo, a mail carrier living at 2275 Eighty-fifth avenue, when, according to witnesses, she stepped in front of a rapily approaching train on the westbound track.

Pineo made an effort to save Mrs. Mansfield, but her foot had apparently been caught between the rails.

Realizing that she could not save herself, Mrs. Mansfield cried, "Save my baby," and tossed the little tot to the concrete station platform as the car struck her. The baby was taken to a nearby drug store and was found to have a fractured skull. From there the child was taken to the family home and a trained nurse and Dr. C. A. Monroe called to attend it, but little hope is held out that it will live.

Mrs. Mansfield's body was dragged beneath the wheels of the train. She had been shopping in Oakland, and was rushing home to cook her husband's supper when the acident occurred.

Mansfield is a shipworker employed at the Alameda plant of the Bethlehem Shipbuilding Company, and had not been informed of the accident at a late hour that night. A two-year-old daughter, Virginia, was at home when the mother was killed.

LOVE OF FINERY LEADS GIRL INTO BURGLARIES

San Francisco.—Mae G[illegible]rer, 25, to satisfy her longing for [illegible] turned burglar and was arrested [illegible] Detective Richard Tatham on the specific charge of Miss Rita Seavy, 486 Geary street, who accuses her of stealing a black silk dress and lingerie. The prisoner admitted the theft and also two other burglaries in the Dalt Hotel, 34 Turk street, where she says she took some lingerie.

The prisoner said she was employed as a saleswoman in a local department store and that the constant handling of fine goods created such a love for finery, which her means could not satisfy, that she turned burglar.

TWENTY-EIGHT CONVICTIONS OF PROFITEERS CRITICIZED

Washington. — The campaign against food profiteers and hoarders has netted a total of 895 arrests, the Department of Justice announced. Prosecutions so far have resulted in twenty-eight convictions, officials said, penalties ranging upward to a fine of $5000 with one year imprisonment. More than 100 arrests have been made for profiteering in sugar. Eleven convictions have been obtained thus far on sugar profiteering charges, and less than one-fourth of the cases have come to trial, according to officials.

QUICK TYPHUS CURE DISCOVERED IN MEXICO

Douglas, Ariz.—Announcement has been made in Mexico City that a remedy, based upon chloroform, has been discovered which will cure typhus in forty-eight hours. The remedy has been employed by the National Department of Sanitation, and many cases are said to have been cured. According to Mexico dispatches, physicians are studying how best to employ this remedy in combating the Nation's annual scourge of typhus.

MINT ROBBER IS HELD IN BAIL OF $20,000

Denver.—Orville Harrington, arrested on a charge of stealing nearly $100,000 worth of gold bullion from the Denver Mint, entered a plea of not guilty when arraigned before United States Commissioner Stone. In default of $20,000 bail, he was remanded to jail to await appearance in the Federal Court, May 4.

SPANISH AMBASSADOR TO ARGENTINA IN BAD

Madrid.—The newspaper Libertad February 6 publishes a rumor that the Spanish Ambassador to Argentina has been recalled by cable, owing to alleged mismanagement of the Government's scheme for the purchase of wheat. The newspaper says that when ships arrived in Argentine ports they found no wheat and, as a matter of fact, their contracts were worthless.

POLLARD WILL DIVIDING $500,000 ESTATE IS FILED

San Rafael.—The will of Thomas Pollard, who was president of the Pollard Steamship and Lumber Company, disposing of an estate of $500,000, has been filed for probate. Three-fourths of the estate, to be converted into cash within five years, will be divided equally among the three sons—Thomas Jr., Albert W. and Alfred J. Pollard. The residue is bequeathed to a daughter, Mrs. Evelyn Hund of San Francisco. Rev. William J. Cantwell of San Anselmo and Rev. John T. Egan of Oakland each receive $500.

Negro Supreme in Liberia, but Must Endure Conditions That Very Few Could Enjoy

The negro is supreme in Liberia. No one of another race can own land or vote in the republic. But after considering the irritations that those who live in Liberia must endure, as Emory Ross outlines them in the Geographical Review, few people would care to share the negro's privileges.

Besides the trying conditions of climate and disease, there is a host of pests, and little irritations constantly occur. Moths eat up clothing; cockroaches devour bookbindings and nest in the cookhouse; rats climb to impossible locations and leave nothing but the fragments of what they have eaten there; white ants consume the sills of houses and the rungs of chairs; driver ants sweep through the house and force every other living creature therein, from the lord and master down to the lurking lizard, to flee even in the dead of night or in the midst of rain; jiggers bore under the skin of the foot and lay their eggs; fleas bite; the heat produces a rash against which the lightest clothing feels like needles; and, to crown all, comes dhobie's itch.

These things and the proverbial one thousand and one others like them are real and irritating at any time, but through the blur of a "touch of sun" or the haze of a burning fever they assume proportions out of all reason. The odors, the mists, the sights, the sounds get on the nerves; the heavy, drooping, silent, impenetrable green forest everywhere shuts one in like a smothering grave; the mind grows sick, and the body follows. No one should stay on the west coast of Africa longer than 18 months at a time.

One-Half of Precipitation Evaporates, Two-Thirds Runs Off, One-Third Is Absorbed

Water power, or white coal, as it is called on account of the white, tumbling foam at the foot of a waterfall, is full of romance. It is really amazing to think of a city miles away from the falls being lighted by their power; but few, perhaps, realize whence the falls receive their energy, or how it may be measured before it reaches the powerhouse. The only source of inland water supply is virtually the precipitation on the earth's surface, which comes in the form of rain or snow. Of the total precipitation practically 50 per cent is evaporated, 33 1-3 per cent runs off to the sea, and about 16 2-3 per cent is taken up by plant growth. Of these the run-off is all that is available, and a part of this must be used for domestic and municipal supply, a part for artificial irrigation, a part for manufactures, while the balance only is available for water-power development, and is useful for that purpose if sufficient fall is found in a reasonable distance. In the United States the annual precipitation varies from 150 inches in the mountainous regions to 9 inches at low altitudes. In the valleys of Idaho, for instance, it is 20 inches, and on the mountains of the eastern range it reaches 40 to 60 inches.

Oldest Conductor in World Runs Southern Indiana Train

If Doctor Osler were to visit Orleans, Ind., with a side trip on the Monon railroad, he probably would receive a shock—not so much from the rumble of the train but at John Bills, age eighty-nine, alert and active, its conductor. Bills makes the round trip three times each day between Orleans and French Lick, a distance of 18 miles. He has been in the Monon service approximately forty years, having been a railroad man prior to that time in the West during the pioneer days. Bills is married, he and his wife having made their home there for many years. He not only performs the usual duties of passenger conductor, but at times when it becomes necessary to turn the accommodation into a mixed train, Bills helps out as a brakeman. As the slow-moving engine picks its way through southern Indiana hills John Bills frequently may be seen sealing a box car and riding atop his train. He is the oldest active railroad conductor in the world.

WORTH REMEMBERING

Friendship rings truest in adversity.

Poverty need never fear that sunshine will be rationed.

Many a hero owes all to the thought that he gave to his comrade.

An unjust sentence is never known in the court of conscience.

The wrong we do to one another is sure to return with its sting.

If the sum total of health could only be calculated, there would be very few who could truthfully say that they are poor today!

Four Eclipses During Year.

Here is a little meteorological information for 1920 that may be of interest. It indicates four eclipses will be seen during the year. Two will be of the sun and two of the moon. The first will be a total eclipse of the moon on May 2; the next eclipse will be a partial eclipse of the sun, May 17; the next a total eclipse of the moon, October 27, and the last a partial eclipse of the sun on November 10. The information is from the government weather bureau.

Do You Know of the Immense Wealth of Siberia

The Last Great Country of Undeveloped Resources

The Siberian Commercial Co. Inc. is developing the rich gold and platinum placer fields of Siberia and also establishing fur trading and commercial posts in the fur trading districts.

Siberia is one of the richest countries on earth in mineral wealth and the only great fur-bearing country left. We have our men in the field now developing these resources and need additional capital to extend the business.

We are putting out 6000 shares of our stock at par—$10.00 per share—for this purpose and if you want to make an investment with practical business men now in the field where your share will soon be worth several times their cost and where dividends will start this year, we would be pleased to give you all information and literature on request.

Siberian Commercial Co., Inc.

"Diamond Dye" Old Clothes

See faded, shabby dresses, coats skirts, sweaters, blouses, gloves feathers, draperies, everything turn new.—Adv.

Mrs. Pounds—Aren't you getting awfully thin deary? Mrs. Slimmer—Frightfully. But there's no help for it. The doctor has prescribed a reducing diet for our cook.—Judge.

Garfield Tea keeps the liver normal. —Adv.

"Marriage is a failure," said the Cynic, with a sneer. "No wonder," replied the Philosopher. "Look how many inexperienced people go in for it."—London Answers.

Also in Flight

A bashful curate found the young ladies in the parish too helpful. At last it became so embarrassing that he left.

Not long afterward he met the curate who had succeeded him.

"Well," he asked, "how do you get on with the ladies?"

"Oh, very well indeed," said the other. "There is safety in numbers, you know."

"Ah!" was the instant reply. "I only found it in Exodus."—Dallas News.

YOU CAN CURE THAT BACKACHE.

Pain along the back, dizziness, headache and general languor. Get a package of MOTHER GRAY'S AROMATIC LEAF, the pleasant root and herb cure for all Kidney, Bladder and Urinary troubles. MOTHER GRAY'S AROMATIC LEAF is sold by all Druggists or sent by mail for 50c. Sample sent FREE. Address, The Mother Gray Co., Le Roy, N. Y.—Adv.

Peppery

"When I was in Mexico I saw a man crying for food."

"Was it before or after lunch? Those chili preparations are enough to bring tears to anybody's eyes."—Washington Star.

ROMANCE

My great-aunt sews the livelong day;
She sits with solemn face.
And I do my stint beside her,
For she keeps me in my place.
But oh, my thoughts are swift-winged birds,
And they fly afar, afar,
Where the tall knights joust in the tourney lists
And the lovely ladies are.
The parson comes in his coat of black
(He may go for all of me!)
And he sits sedate in the chimney-seat,
Where the passers-by may see.
Oh, the idlers smile, and my great-aunt frowns,
That a man so wise and good
Should turn to a child, when he might make choice
From the spinster sisterhood.
Well, let him choose them—I care not I!
My lover comes apace,
And his bright hair catches the last sun-gleam,
And he rides with the wind in his face.
O Lover of Mine, ride fast, ride fast.
Through the starshine and the dew,
To the little maid who has done her stint,
And who waits for the moon—and You.

—Eleanor Duncan Wood, in Green Book.

Shave With Cuticura Soap

And double your razor efficiency as well as promote skin purity, skin comfort and skin health. No mug, no slimy soap, no germs, no waste, no irritation even when shaved twice daily. One soap for all uses—shaving, bathing and shampooing.—Adv.

Better general health is sure to follow the use of natural Herb laxative, Garfield Tea. It corrects constipation.—Adv.

Doctor—Madam, I shall have to paint your husband's throat with nitrate of silver. Profiteer's Wife—Please use nitrate of gold, doctor. The expense is quite immaterial.—London Opinion.

The Worst

"The fellow who calls here has many short-comings."

"Yes, and his worst short-comings are his long-goings." — Baltimore American.

WHO IS TO BLAME? Women as well as men are made miserable by kidney and bladder trouble. Thousands recommend Dr. Kilmer's Swamp-Root, the great kidney medicine. At druggists in large and medium size bottles. You may receive a sample size by Parcel Post, also pamphlet telling about it. Address Dr. Kilmer & Co., Binghampton, N. Y., and enclose ten cents, also mention this paper.—Adv.

An Unkempt City

"Constantinople," said Bishop Brewster at a Portland missionary meeting, "is a beautiful but unkempt city."

"See Naples and die. Smell Constantinople—same result."—Washington Star.

FULL MOON

The sleeping garden lay
In a silver dress,
And great gray owls flew low
With a swift caress
To the tall white lilies'
Saintly loveliness.

Ash-gray the roses peered
O'er her window-sill;
Straight flared her candle-flame
In a night so still
She heard a far-off clock
Chiming clear and chill.

She heard the placid sea
On the beach below,
Lapping, lapping softly,
Crawling, crawling slow;
While on the glitt'ring lawn
Hares leaped to and fro.

Sudden, the poplar trees
Gave a dreaming sigh,
Shaking their sparkling leaves
In the cloudless sky;
A waking cock crowed shill—
And the dawn drew nigh!
—Ethel Wolfe, in New York Times.

Rests, Refreshes, Soothes, Heals—Keep your Eyes Strong and Healthy. If they Tire, Smart, Itch, or Burn, if Sore, Irritated, Inflamed or Granulated, use Murine often. Safe for Infant or Adult. At all Druggists. Write for Free Eye Book. Murine Eye Remedy Company, Chicago, U. S. A.

Too Much Capital Required.

A Cleveland father tells us that he thought he had thought up a great scheme for keeping order in his household. He noticed that his rather obstreperous young son had the quality of thriftiness, and resolved to appeal to it.

"Sonny," said he, "I'm going to give you a nickel every day you're a good boy, on condition that every day you are naughty you are to give me a nickel. Is it a go?"

"I'd like to do it, dad," answered the kid. "But I can't afford it. I've only got $1.26 in my bank to start on."—Cleveland Plain Dealer

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You corn-pestered men and women need suffer no longer. Wear the shoes that nearly killed you before, says this Cincinnati authority, because a few drops of freezone applied directly on a tender, aching corn or callus, stops soreness at once and soon the corn or hardened callus loosens so it can be lifted out, root and all, without pain.

A small bottle of freezone costs very little at any drug store, but will positively take off every hard or soft corn or callus. This should be tried, as it is inexpensive and is said not to irritate the surrounding skin.

If your druggist hasn't any freezone tell him to get a small bottle for you from his wholesale drug house. It is fine stuff and acts like a charm every time.—Adv.

Jill—The man I marry must be able to keep a cook. Jack—Bright and early tomorrow morning I'm going to enter a school of hypnotism!—Buffalo Express.

There is nothing heavenly about war, or dyspepsia. The world is outgrowing the first and Garfield Tea will conquer dyspepsia.—Adv.

SAN FRANCISCO HOTELS

ACME HOTEL
819 Missic St., near Fourth, San Francisco—Opposite Mission Street Entrance of Emporium
300 ROOMS at MODERN PRICES—150 Rooms a. 75c per day or $3.00 per week; 75 Rooms at $1.25 per day or $4.00 per week; 75 Rooms (private bath) at $1.50 per day or $4.50 per week. Steam Heat, Every Convenience, Larg Lobby on Ground Floor

S. F. N. U. No. 7. 1920

When writing advertisers please mention this paper.

NAME "BAYER" MEANS ASPIRIN IS GENUINE

Take without fear as told in "Bayer package"

"Bayer Tablets of Aspirin" marked with the safety "Bayer Cross," is the genuine Aspirin, proved safe by millions and prescribed by physicians for over eighteen years.

In each "Bayer" package are safe and proper directions for Neuralgia, Colds, Headache, Toothache, Earache, Rheumatism, Lumbago, Neuritis, and for Pain generally.

Handy tin boxes containing twelve tablets cost but a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

STOP! CALOMEL IS QUICKSILVER

It's mercury! Attacks the bones, salivates and makes you sick.

There's no reason why a person should take sickening, salivating calomel when a few cents buys a large bottle of Dodson's Liver Tone—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and cannot salivate.

Children and grown folks can take Dodson's Liver Tone, because it is perfectly harmless.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tone instead and you will wake up feeling great. No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tone acts better than horrible calomel your money is waiting for you.—Adv.

Skin Tortured Babies Sleep Mothers Rest After Cuticura

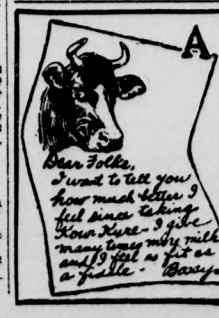
A Letter from Bossy



Dear Folks,
I want to tell you how much better I feel since taking Kow-Kure. I give many times more milk and I feel as fit as a fiddle.
Bossy.

If a cow could speak she would talk about her health as people do—because cows suffer from ailments, little and big, same as human beings.

The most common cow ailments, such as Abortion, Retained Afterbirth, Lost Appetite, Bunches, Scours, etc., result from a diseased condition of the digestive or genital organs. Any of these diseases and many others can be successfully treated or prevented by using Kow-Kure, the great cow medicine.

Feed dealers and druggists sell it—60c. and $1.20 packages. Free book, "The Home Cow Doctor," sent on request.

Dairy Association Co.
LYNDONVILLE, VT.

HOW MUIR WOODS GOT ITS NAME

When William Kent gave Muir Woods—of the giant Sequoias—to the Nation some years ago, Theodore Roosevelt, then president, insisted that the new National Park should be known as the "Kent Woods." Kent turned down the suggestion with this personal note to the president:

"So many millions of better people have died forgotten that to stencil one's own name on a benefaction seems to carry with it an implication of mundane immortality, as being something purchasable.

"I have five good husky boys that I am trying to bring up to a knowledge of democracy and to a realizing sense of the rights of the 'other fellow,' doctrines which you, sir, have taught with more vigor and effect than any man in my time. If these boys cannot keep the name of Kent alive, I am willing it should be forgotten."

SUMMONS

IN THE SUPERIOR COURT OF THE STATE of California in and for the County of Santa Clara.

J. M. KINGDON, Plaintiff,
vs.
William E. Ross; Jacob H. Ring, as administrator of the estate of Mary L. Brown, deceased; J. H. Ring, as administrator of the estate of Sarah L. Corbett, deceased; Amos O. Williams, as administrator of the estate of Lewis C. Ross, sometimes known as Louis C. Ross, deceased; Amos O Williams, as administrator of the estate of James H. Ross, deceased; W. J. Clinch, as administrator of the estate of Mary Kingdon, also known as Mrs. Samuel Kingdon, deceased, Also, all other persons unknown, claiming any right, title, estate, lein, or interest in the real property described in the complaint adverse to plaintiff's ownership or any cloud upon plaintiff's title thereto,
Defendants.

SUMMONS

Action brought in the Superior Court of the State of California, in and for the County of Santa Clara, and the complaint filed in the office of the Clerk of said Santa Clara County.

The people of the State of California send greeting to William E. Ross; Jacob H. Ring, as administrator of the estate of Mary L. Brown, deceased; J. H Ring, as administrator of the estate of Sarah L Corbett, deceased; Amos O. Williams, as administrator of the estate of Lewis C. Ross, sometimes known as Louis C. Ross, deceased; Amos O. Williams, as administrator of the estate of James H. Ross, deceased; W. J. Clinch, as administrator of the estate of Mary Kingdon, also known as Mrs. Samuel Kingdon, deceased; also all other persons unknown, claiming any right, title, estate, lien, or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiff's title thereto, Defendants:

You are hereby directed to appear and answer the Complaint in an action entitled as above, brought against you in the Superior Court of the State of California, in and for the County of Santa Clara, within ten days after service on you of this summons, if served within this County, or within thirty days if served elsewhere.

The object of the above entitled action is to obtain a judgment and decree of said Court that the plaintiff, J. M. Kingdon, is the owner in fee, of all that certain real property situate in the County of Santa Clara, State of California, described as follows, to-wit:

Beginning at a point in the center of the Casey Road on the easterly line of McClincy Lane, at the southeast corner of that certain strip of land deeded by Daniel Ross to Osborne Wells by deed of April 13, 1881 and recorded in Book 59 of Deeds page 340, Records of Santa Clara County, California, and from which point of beginning a ½ inch iron pipe at the southwest corner of the original Benjamin Casey tract bears N 89° 47' W 20 feet and running thence along the easterly side of aforesaid strip deeded by Ross to Wells, N 0° 15' W 10.258 chains to a point at the southwest corner of that certain parcel of land deeded by Osborne Wells to Daniel Ross by deed of April 13, 1881, and recorded in Book 59 of Deeds page 342 Records of Santa Clara County, California, from which point a steel rail set at the northwest corner of that certain tract of land deeded by Benjamin Casey to Daniel Ross by deed of Sept. 7, 1870, and recorded in Book 19 of Deeds, page 84, Records of Santa Clara County, California bears N 89° 45' W 20 feet; thence continuing along the westerly side of said land deeded by Wells to Ross N 0° 15' W 0.667 chains to a ½-inch iron bar; thence S 89° 45' E 5.241 chains to a 2x3-inch stake set in a fence corner; thence S 0° 50' W 0.667 chains to a steel rail set in a fence corner; thence S 89° 45' E 0.990 chains to a stake at the northwest corner of that certain strip of land deeded by Daniel Ross to Tamer I. Bohnett by deed of April 6, 1891, and recorded in Book 134 of Deeds page 506, Records of Santa Clara County, California, thence along the east and south lines of said strip deeded by Ross to Bohnett S 0° 02' E 0.544 chains and S 89° 45' E 16.00 chains to a point in the easterly line of that certain tract of land deeded by Lewis C. Casey to Daniel Ross by deed of Sept. 27, 1875 and recorded in Book 30 of Deeds, page 391, Records of Santa Clara County, California, from which point a steel rail set at the northwest corner of said tract deeded by Lewis C. Casey to Ross bears N 0° 02' W 40 feet; thence along the easterly line of said tract S 0° 02' E 9.697 chains to an iron bar in the center of the Casey Road; thence along the center of the Casey Road N 89° 47' W 2.551 chains to an iron bar at the ¼ corner to Sec. 35, T. 7S. R. 1W. and Sec. 2, T. 8S, R. 1W, being the common corner of the original Benjamin Casey and LewisCCasey tracts; thence continuing along the center line of the Casey Road N 89° 47' W 19.628 chains to the place of beginning, containing 22.229 acres and being a part of Sec. 35, T. 7S. R. 1W, M. D. B. & M., surveyed Sept. 10, 1919, by W. B. McMillan of McMillan & McMillan, San Jose, California.

And also to obtain the further judgment and decree of said Court that all the adverse claims made by you, or either of you, are wholly without merit and absolutely void; that plaintiff is the owner in fee of said property; and that you, and each of you, be forever barred and restrained from claiming any or asserting any claims of any nature relating to said property, or any part thereof, adverse to the plaintiff; and for all costs herein expended.

And you are hereby notified that unless you so appear and answer as above required, the said plaintiff will apply to the Court for the relief demanded in said Complaint.

GIVEN under my hand and seal of the Superior Court of the State of California, in and for the County of Santa Clara, this 23rd day of September, A.D. 19 9.

[SEAL] Henry A. Pfister, Clerk

By H. C. Pfister, Deputy Clerk

Bohnett & Hill, Attorneys for Plaintiff

NOTICE

No. 11572

Treasury Department
Office of Comptroller of the Currency
Washington, D. C. January 9, 1920.

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that The Growers National Bank of Campbell, in the town of Campbell, in the County of Santa Clara, and State of California, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking;

Now therefore, I, John Skelton Williams, Comptroller of the Currency, do hereby certify that The Growers National Bank of Campbell, in the town of Campbell, in the County of Santa Clara, and State of California, is authorized to commence the business of Banking, as provided in Section fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

In Testimony whereof, witness my hand and Seal of office, this ninth day of January, 1920.

[Seal] JNO. SKELTON WILLIAMS, Comptroller of the Currency.

First Pub. Jan. 23, 1920
Last Pub. Mar. 26, 1920

BOOST THINGS!

DON'T sit supinely on your roost, but come along and help us boost, for better things of every kind, and leave your kicking clothes behind. O let us boost for better streets, for softer beds and longer sheets; for smoother lawns and better lights, and shorter-winded blatherskites; for finer homes and larger trees, for bats and boots and bumble bees; for shorter hours and longer pay, and fewer thistles in our hay, for better grub, and bigger pies, for two more moons to light the skies. And let the wolves of war be loosed on every man who doesn't boost.—WALT MASON.

THE PROPOSITION OF SCHOOL CONSOLIDATION is again in the air, and some of the districts are reported as favorable to the project. There are many arguments in favor of such consolidation. Teachers with training along special lines can be employed and the general efficiency greatly increased; single and better equipments, instead of several; safe transportation to and from school; and the certainty of the pupils coming directly home; less expense in combined operation, heating, supplies, etc.; and greatest possibilities in entertainment. The subject will be taken up at a board meeting at Cambrian school this evening, and the Campbell board will have one or more representatives present. Other district boards will be asked to be present also to discuss the matter, which is of interest to all who have the school's good in mind.

CAMPBELL IS FORTUNATE in many ways. Its particular good fortune at this time lies in the fact that one of the governmental agricultural instructors and directors lives in its midst. He is working thru the school agriculture clubs, and is producing prospective farmers. This new departure in educational lines is one of the most progressive and profitable yet instituted. Not only does this learning auger well for better farming, but also for keeping a better class of prospective farmers on the job. No boy or girl will leave a line of work that appeals to him or her, and go to the city of uncertainties. This great work also tends to rapidly increase the food production as well as supply a better quality. C. E. York is our local director, and is an enthusiastic worker for the better farming movement in our midst.

CAMPBELL NEEDS MORE HOMES, and an early remedy looms on the horizon. The new building and investment corporation promises to be the coming tonic and ferment to a new growth of our already progressive town. This corporation is organized by men who have heretofore done much to build up the town and its interests. These prominent business men have first the proposition of erecting the new bank and store buildings. It is hoped that as soon as this corporation finishes the job at hand it will turn ro erecting suitable homes for the homeless. In the past six months a number of new families seeking desirable homes have been compelled to hunt for them in other localities, although they preferred Campbell, because the homes were not to be found here. A new home today may be readily sold before it is completed, and the erection actually paid for by the purchaser. With homes so in demand, this company could doubtless sell three or four moderate priced residences, which, if built in unison, would cost them so much less per house. Campbell is looking to these progressive men, trusting they will come to the rescue in this serious situation.

Mrs. Ash At Rest

Mrs. G. O. Ash passed away at Pittsburg, Contra Costa county, Tuesday, at the age of 78 years.

Mrs. Ash lived in Campbell for several years with her husband, Rev. G. O. Ash, a retired pastor of the Methodist Episcopal church. Since leaving Campbell they have been living at Pittsburg, with their daughter, Mrs Nellie Coffman.

The funeral will be held this (Friday) afternoon at the parlors of Hocking & Williams, San Jose. Interment will be at Oak Hill.

Friends of the family extend their sympathy to the bereaved husband, who holds such a warm place in the hearts of his townspeople.

Schools Open Monday

Provided the flu epidemic shows no marked increase, the Campbell schools will reopen Monday. No pupil will be admitted where there exists a case of flu or any other contagious disease in the family. Greatest care should be exercised in sending any child to school where there is a doubt relative to his or her physical condition, as all suspicious cases will be sent home, and thoro investigation made.

The school building has been thoroly fumigated and the co-operation of everyone is urged to stop any further spread of the epidemic.

Dr. Merrill reported yesterday that this community had had 116 cases to date.

Sweet Girl Passes to Her Reward

Miss Mildred Hyde passed away at the hospital, Tuesday evening, after undergoing several operations.

Miss Hyde was a member of the sophomore class at the High school, coming from Cupertino. By her sweet and cheery disposition she soon became one of the popular young ladies of the school, and was elected secretary-treasurer of her class. Her classmates feel their loss deeply, as she has won a deep spot in their affections.

Miss Hyde was in the bloom of youth, being but sixteen years old, and the sad news came as a shock to a wide circle of friends.

She was an active worker in her church and young people's society, and her willing hands are now but an inspiring memory to her co-workers.

She is survived by her parents, Mr. and Mrs. Warren E. Hyde, and her brother Harold, to whom the heartfelt sympathy of the community is extended.

The funeral services were held from the family home near Cupertino yesterday afternoon, burial being at Saratoga.

Thos. Jacobson has sold his 10-acre tract on West Campbell avenue to John Lund, of Sunnyvale. Mr. Lund is moving his family here this week.

Record, Day and Cash books, Journals and Ledgers in several convenient sizes, also loose-leaf pocket memorandum books, at Smith's Stationery Store.

Peach Pits For Fuel

$4 per ton in the pile.

Tel. Campbell 48

Locals and Personals

Miss Ruth Hayes is home from Oakland nursing a case of flu of two weeks run.

Mrs. Eva Keesling has purchased the J. H. Campbell cottage south of the library.

The usual Sunday School and church services will be resumed in Campbell Sunday.

Life Price is up from his Hernandez homestead this week getting a taste of "ma's home cookin."

Mrs. E. C. Hurlburt is here from Pacific Grove this week, visiting her brothers, John and Robert Blaine.

The Epworth League of the Methodist church will hold a Valentine party in the church parlors this Friday evening.

Get your Shoes Repaired at the Yankee Shoe Shop with up-to-date machinery, while you wait. J. S. Fay, Proprietor 33-2t

A. H. Baker and family are now located in the Mrs. Gilman cottage on First street, she retaining a portion of the house for her own use.

The ladies of the Methodist church will serve dinner at the church parlors, Old Settlers's Day, Saturday February 21, at 50 cents the plate.

Miss Dorothea Smith has accepted a position to take charge of one of the branch libraries in the city of Portland, Oregon. She left Chico last week, to take up her new duties Monday.

The program scheduled for Country Woman's Club, Monday, "Cathedrals of France," and so forth, has been postponed, and a book review by Mrs. J. D. Blaine and "Experiences in France," by Miss Dorothea Smith, will be given instead.

Among the latest on the flu list, the following have come to our knowledge: Mrs. L. Genasci and Edward Genasci, R. G. Archibald, the Ralston Alison family, Mrs. Bloom and children and Arthur Robinson, while many cases are on the mend.

A. S. Gilson was given a very pleasant surprise at his son's home on Sunnyside, Tuesday evening, when he walked in on a well-spread table and birthday cake. Gil is a pretty active boy for 65 years There, we knew it'd leak out. You narrate, Gil.

Prof. Sullivan to Address Farmers

A public meeting on the water question will be held in the assembly hall, Chamber of Commerce, San Jose, on Saturday, February 14, at 2 o'clock p. m. by the Farm Owners & Operators Association, Santa Clara unit.

Professor Sullivan, of Santa Clara University, will give an address on the water conditions of Santa Clara valley.

Professor has had wide experience in the United States government projects of Arizona, Utah, and other western states, as well as in California.

Every person in Santa Clara valley is vitally interested in the water conditions and all should attend this meeting and discuss what is to be done.

Uncle Eben.

"An optimist," said Uncle Eben, "is all right 'ceptin' when he gits so comfortable in his mind dat he goes to sleep on de job."

Major Broke Ribs in Bathtub.

Maj. H. W. Insley, who had not seen a real porcelain bathtub while in France, attempted to board one on the transport Zeelandia, while en route to New York, but it bucked and broke two of his ribs.

Burn Court to Get Nails.

An order to burn the courthouse at Dover, Del., in order to secure the iron nails used in its construction was executed February 2, 1691, according to papers just found.

Income Tax Return

A word of warning to income-tax payers is contained in a statement given out today by Internal Revenue Collector Justus S. Wardell, who points out that returns must show all items of taxable income for 1919.

"Guesswork, estimates and other hit-or-miss tactics, are barred when a person is making out his income tax return. Accuracy and completeness must be insisted upon. And remember, the return is a sworn statement; as such, it must be thorough and accurate.

"Salaried persons and wage-earners must not confine their returns to figures showing a year's pay at so much a day or so much a week. The actual amount should be ascertained and reported. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and a number of other items of similar nature which are compensations for services, are taxable as part of the year's earnings, and must be included. March 15 is the time limit for filing returns.

"There are no privileged characters, no distinctions, in the personal income tax. Everybody living in the United States, whether citizen or alien, is subject to this law. In order to be practical—to keep the wheels from becoming clogged with useless records—the law does not require annual returns of the very small incomes. The beginning is at $1,000 for an unmarried person and $2,000 for a married couple."

Manager On Vacation

Sol Jacobs, manager of the California Canneries Company at Campbell, left Tuesday, on a two-weeks' touring trip thru the southern part of the state. This being his first vacation in five years, he feels he has earned a good one, and is taking his tent along to live out of doors. Victor Good will also take his vacation at this time and drive the car for Mr. Jacobs. They hope to return in time for the Old Settlers' celebration. The work of the lighting and finance committees will be continued during the absence of chairman Jacobs, as the plans have already been made.
